

## Credit Check Authorization

All customers without a two year credit history with Golden Heart Utilities, Inc. or College Utilities Corporation are required to pay a security deposit upon opening their account. If we receive a satisfactory credit report on you from Equifax Credit Information Services, the Utility may waive the deposit fees.

The Equifax energy model scores your credit risk from 1000 (low credit risk) to 0 (very high credit risk). If you receive a score of 750 or higher, you will not be required to pay deposit fees at this time. This credit check is at **no charge** to you.
